MEMORANDUM FOR THE RECORD

25X1A9a

SUBJECT: Interview with [REDACTED] Records Management Staff,
Management Staff.

25X1A9a

1. On 4 June 1957 I interviewed [REDACTED] Chief of the Records Disposition Branch in the Records Management Staff. He is a little unimpressive at first but warms up as the conversation goes along.

2. He believes that our Records Program is going well; in fact, he says he has knowledge of similar programs in other Government agencies and, in comparison, thinks that ours has gone extremely well.

3. He has a high regard for [REDACTED] states that the morale in the Records Management Staff is good. However, he says he hears constant rumors about bad morale and bickering in the Organization & Methods Staff but that he is not close enough to the situation to assess it.

4. [REDACTED] appears to have good experience and to know his business insofar as the Records Program goes, but he has definite limitations and probably would not be as successful in other fields.
